For KAMM; all accommodations must be documented appropriately in the IEP.

**Notes about Test Order Types**

- Clarification: Test Type and Test Order Types are not analogous. Test order types can be a “Test Type” or combination of a “Test Type” coupled with particular accommodations. The expansion of test order types in 2010-11 significantly reduced the need for Special Action Requests (SAR) at CETE.
- Accommodation Accountability: CETE will generate reports for KSDE to monitor the use of accommodations, specifically Read Aloud and Paper-Pencil accommodations.
- For assistance with TEST submissions call the KIDS Help Desk at 785-296-7935. For questions concerning appropriate test types, downloading Test PDFs, accommodations, etc. call Accountability Help Desk at 785-296-2261.

**Accommodation Coding Notes**

- Refer to the **Recording Accommodations** section of the Examiner’s Manual for information regarding the coding of accommodations at the CETE website.
- The accommodation codes for individual read-aloud, group read-aloud, paper / pencil, and Spanish translation are automatically populated at the CETE website via the TEST record submission. District and / or building coordinators do NOT have to record those accommodations via the student editor at the CETE website.
