**NOTE:** X designates the cohort year and grade level for content areas. Cohort year is the year student scores are used in the AYP and /or QPA calculations. Under OTL, districts have the option to administer any assessment during a given year. However, students must have completed all assessments by the end of the year and in the content area(s) designated with an “X”.

**Important KAA Note:** Advanced planning concerning which assessments a student must complete by the end of the cohort year enables the assessments to be spread throughout the 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup> and 12 grade years.
